An anchovy is a small, common forage fish of the family Engraulidae. Most species are found in marine waters, but several will enter brackish water and some in South America are restricted to fresh water.. The more than 140 species are placed in 17 genera; they are found in the Atlantic, Indian and Pacific Oceans, and in the Black Sea and the Mediterranean Sea.

Some people practice simple living by reducing consumption. By lowering expenditure on goods or services, the time spent earning money can be reduced. The time saved may be used to pursue other interests, or help others through volunteering. Some may use the extra free time to improve their quality of life, for example pursuing creative activities such as art and crafts.
